Dear Sir,

Other Developments Taking Place

I want to report that C.D.C. has a chance of buying 10 Dairy cows through Chikwina Dairy association which is covering these areas, Chikwina, Chipungu, Kangoyi, and Manyenyeni. The committee will buy these cows with the money found from our 25% self contribution. The cows are going at MK 15,000.00 each x 10 = MK 150,000.00

Chikwina Dairy farmers association has been assisted by World Vision International.

The farmers association committee has offered this chance to Chipungu Zone this year because last year Chipungu farmers did not have this chance last year. The C.D.C. has elected 10 employees to get the cows who will later give the calves to another group of 10 employees, this system will go on till every one gets a cow. MK 10,000.00 has already been paid to the association.

Women have attended a 10 days
business training conducted by C.D.C.
We invited our area Community Development
assistant to train the women. They
have now started bringing in their
business plans to C.C.M.C.

The youth have also brought in their
courses of application to C.D.C. for approval
We expect more applications to come in. We
have heard that you are coming to Chipungu
in October. so we shall discuss all these
issues when you come.

Thank you.

Goats are going on well so that as I am writing this information & more employees have benefitted from the system so this is why we have been encouraged to go for cows and follow the same system. At the end of this year 5 or 6 people will also get a goat each so you can see how good this system is working.

The following people got the goats

- 1 Owen M'siska
- 2 Antony Kamanga
- 3 Alnoel Mapondo
- 4 Kennedy Chirwa
- 5 Mzye do Ngwina

Phase 2
