I write to thank you together with the members who are assisting Chipunga Farms Ltd as whole to what the Grace committee and the entire group which is in German to what they are doing from the beginning since I came in here at Chipunga School in 2006.

The committee and community on behalf are happy to have a big hand from the group or charity for the assistance which you are giving us.

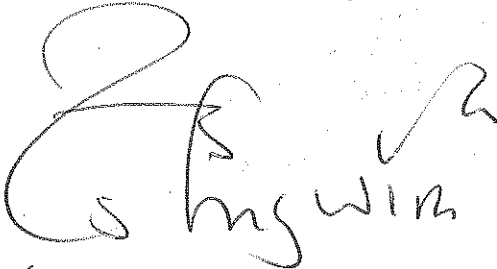

I, therefore, report that the two houses are over and now occupied by two ladies Patricia Sulungwe and Annie Bandaure. They are all dedicated to duties and learners

are now improving in all areas than before.  
Let me say 'bravo' Grace Charity in  
German.

To Sasha (German volunteer), she is also  
another hard working lady who assisted  
alot here at school in teaching and  
other administrative issues and has got good  
characteristics of a leadership. I hope all  
who will come in, will do the same

I and the committees, we are happy  
to say the betterment of the child is  
now improving, encourage us where we  
fail to do.

I will the best to you all in the  
Grace Charity.
